

Setting Parameters for Featured Properties:

1. Login to backroom through the realOMS login.
2. Click on 'Properties' then click on 'Featured Properties'. Select the set of listings which you want to display.

The screenshot shows the 'realOMS by REWS' interface. On the left is a navigation menu with options: Home, Contacts, Properties (expanded), Listings Main, Flyers Center, Featured Properties (selected), Sold Properties, Recent Properties, Bulletin Board, Task Manager, and Website. The main content area is titled 'Featured Properties' and includes a 'HIDE ALL DETAILS' button. Below this is a section 'Select Which Listings to Search?' with a 'HIDE' button. The text reads: 'Choose one of the listing sets below for your featured properties, then you can configure a search to further restrict your featured listings, to exactly what you want to display, you can preview your results by using the preview button. When you are done use the "Save" button to complete the setup.' There is a text input field with '1' and the label 'Minimum Photos'. Below are radio button options: 'My Listings' (selected), 'My Office Listings', 'Selected Agent Listings', 'Selected Office Listings', 'Company Listings', and 'All Available Listings'.

3. In the Search Criteria area, you can add parameters if you so choose to hone in what is displayed. *This is not required.

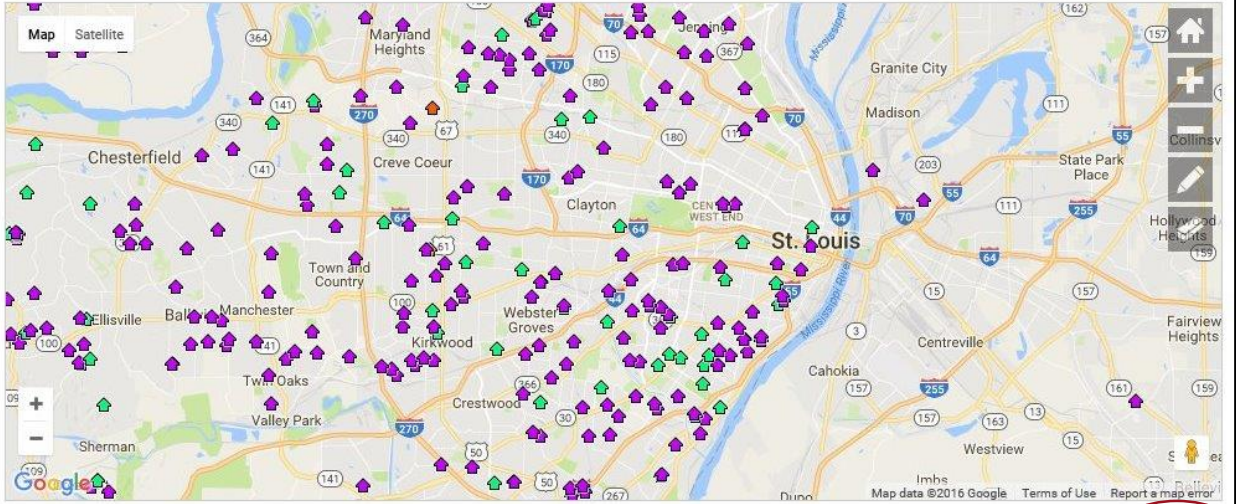

The screenshot shows the 'Search Criteria' configuration page. At the top right is a 'HIDE' button. Below are filter buttons for 'COUNTY', 'CITY / ZIP', 'ADDRESS', 'SCHOOL', 'SUBDIVISION', and 'MLS#'. A text input field for 'City or Zipcode:' is present with the instruction 'Use commas to search for more than one zip code or city'. Below this are input fields for 'Minimum Price:', 'Maximum Price:', 'Bedrooms:', 'Bathrooms:', 'Open House Start:', and 'Open House End:'. The 'Property Type:' section includes checkboxes for 'Any', 'Single Family', 'Commercial', 'Acreage/Farm', 'Condo/Villa', 'Lot', 'Multi-Family', and 'New Home'. Other dropdown menus include 'Garage/Carport Spaces:', 'State:', 'Status:', 'Architecture:', 'Style:', 'Age:', 'Garage Type:', 'Min Acreage:', 'Min Sq Footage:', and 'Show Listings without sqft:'. The 'Rooms, Amenities and Special Features:' section has checkboxes for: 'Back to Trees', 'Fenced Yard', 'Horse Property', 'Pond / Lake', 'Walk-Out Basement', 'Sunshine Kids Listing', 'Barn', 'Finished Basement', 'Main Floor Laundry', 'River Front', 'Water Front Property', 'Basement', 'Fireplace', 'Main Floor Master', 'Separate Dining Room', 'gar 1', 'Breakfast Room', 'Golf Course Property', 'Master Suite', 'Swimming Pool', and 'SecondTag'. At the bottom, there is a 'Newly Listed Within:' dropdown set to 'Any', a '0' input field, and buttons for 'POWER SEARCH', 'PREVIEW', and 'CLEAR SEARCH CRITERIA'. A 'Show only Active Listings:' checkbox is checked. At the very bottom is a map showing a geographic area with several purple location markers.

4. Once all criteria are set, Save.

Show only Active Listings:

The image shows a Google Maps interface for the St. Louis area. The map is populated with numerous purple house icons representing search results. The map includes standard Google Maps controls such as a zoom in (+) and zoom out (-) button, a street view pegman, and a search bar. At the bottom right of the map, there is a 'SAVE' button with a floppy disk icon, which is circled in red. The map also shows various neighborhood names like Chesterfield, Creve Coeur, and St. Louis, along with major highways and the Mississippi River.
